War Department Design Reproduced on Handsome Postal Card A Beautiful Patriotic Souvenir Artistically Executed

In response to a request by the Grand Army of the Republic, Congress has enacted that Lincoln's Immortal Gettysburg Address shall be placed on conspicuous tablets in every National Military Park and National Cemetery. The War Department has prepared the design for this tablet. It is exceedingly beautiful, simple and effective.

THE NATIONAL TRIBUNE has had the opportunity of being the first to reproduce this, and it now offers it in a handsome and artistically executed Postal Card, which will be welcomed by patriotic people everywhere.

It is the only absolutely correct version of the inspired words, which will be read with swelling hearts as long as the language is spoken. Other versions are marred by more or less trifling variations and errors which detract from the simple majesty of Lincoln's words. The text given is the result of long study and comparison of the various versions.
